NOFTZ NOT YET EXTRADITED BUT WOMAN IS IN BISBEE

Under Sheriff Callaghan, accompanied by Deputy Sheriff J. P. Larrien, returned from Cananea last evening. With them was the woman, Mabel Pearson, supposed to be the one who was in the company of Noftz and James on the night the St. Louis beer hall was held up. The woman has not been placed under arrest, but came to this city with the officers of her own accord. She stated to the officers that there is absolutely nothing in the charge which is being pressed against Noftz and James, and has said nothing that will throw light on the mysterious circumstances surrounding the killing of L. O. Milles. The party arrived on last evening's train from Cananea. Mrs. Pearson had with her the son of Noftz. She was at once assigned to a room in the Johnson house, and has agreed to remain within easy reach of the officers until wanted by them.

Noftz still remains in the jail at Cananea, guarded closely. It was expected yesterday that a telegram from the governor of Sonora would reach Cananea, giving the American officers the right to depart with their prisoner for this side of the line. It failed to reach the authorities, however, and Callaghan and Larrien left without getting possession of Noftz, but with the assurance of the Mexican officials at Cananea that they would do all in their power to turn Noftz over to them at an early date.

Under Sheriff Callaghan stated last night that he was confident that he will have Noftz in jail in this city before another week has passed. He did not see Noftz while on the Mexican side of the line, and says that Noftz has said nothing further than he stated to the officers at the time of his arrest. He expressed his willingness, however, to the Mexican officials to accompany the officers to Bisbee at any time it is arranged.

Callaghan speaks of the courtesy of the Mexican officials in the highest terms of praise, and adds that they are doing all in their power to assist in the extradition of Noftz.

James still remains in the city jail

here, but has not been visited by anyone but the officer who brought him his two meals of bread and tea since night before last. He is not permitted to read the papers, and knows nothing of the developments in the capture of his friend.

There was a large crowd at the depot last evening, it having been reported that Under Sheriff Callaghan was en route from Cananea with his prisoner. But little interest was shown in the presence of the woman, and but few knew that she was the one connected with the threat of circumstances being bound about James and Noftz.

The officers gave out nothing new in the way of a discovery that may tend to strengthen the case against Noftz, but it is understood that they are in possession of still more evidence to be used against the prisoners when they are brought up for arraignment. It is now the intention of the authorities to imprison Noftz immediately upon his arrival in Bisbee and endeavor to effect the removal of James to the county jail on evidence which is expected to bind him over to the grand jury. Noftz will then be subjected to a severe course of sweating by the local officers.

A telephone message from Tombstone to the Review last evening conveys the information that George Bravin, chief of police of that town, has found another witness who will be able to add a link to the chain of evidence that daily tightens around Noftz and James. Bravin's informant is a miner, whose name he refuses to divulge, and the man is accredited with saying that James told him it was he who drove the party to Naco immediately after the hold-up of the Shattuck saloon occurred, the party arriving there about 2 o'clock that morning. This man further stated that James told him that after putting up at the Hotel Naco they took the first train to Cananea.

The Review published this fact, now corroborated by another who claims to know, in a recent issue.

GRAND MONUMENT ERECTED TO GERMAN COMPOSER.

Ceremonies of a Splendid and Impressive Character in Presence of Crowd that Overflowed Thiergarten.

Berlin, Oct. 2.—With ceremonies of a splendid and imposing character and in the presence of a crowd that overflowed the Thiergarten, the magnificent monument erected to the memory of Richard Wagner, the famous German composer, was consecrated today, the event being the chief feature of the week's program of festivities inaugurated yesterday. The entire capital appeared interested in the event and the presence of delegations from the chief cities and towns of Germany and from foreign countries as well, helped to swell the immense crowd that sought to get a glimpse of the ceremonies attending the unveiling of the monument.

The exercises began shortly before noon in Monument Square. The formal opening was announced by a salute from the Royal Trumpet Band, after which the united military bands of all the Berlin regiments played Wagner's "Kaiser March." Just preceding the unveiling of the monument the Berlin saengerbund sang the "Wacht auf, es naht den Tag" choros from the "Meistersinger." The presentation speech was made by Herr Leichter, royal counselor, chevalier of the Legion of Honor, and chairman of the monument committee. The unveiled monument was greeted by a magnificent outburst of the dedication hymn, "Deep on the Bed of Father Rhine." In this a chorus of 2,000 voices took part, made up of the societies of the Berlin saengerbund, aided by a boy's chorus and accompanied by the selected Guards military bands.

The members of the Wagner family were present, and the Imperial court was in full attendance. There were representatives of many foreign powers, deputations of musical societies, both German and foreign, and thousands of individual visitors, including many shining lights in the musical world.

JEWISH DAY OF ATONEMENT.

New York, Oct. 1.—The first ten days of the Jewish new year, which are days of penitence, culminated today in the observance of the Day of Atonement, the only fast day commanded in the Mosaic law, and the most widely observed of Jewish holy days.

Business was suspended for the day by the most liberal as well as the most orthodox, and quiet pervaded every Jewish community. Among the thousands of strict orthodox Jews to be found on the lower East Side of New York it is not uncommon for the penitents to stand upon one spot in the synagogue, without food, drink or sleep, for the entire twenty-four hours.

First Look at New Dress Trimmings.

A hint of something pretty for a frock with every look, burnt-out appliques and new: the ground work burnt-out and only the design remains. These in black, white and Egyptian colors. Egyptian ones dyed in the tint of pastel shades are lovely at \$5 a yard for the handomest applique. Embroidery effects in pure white fashioned after three leaf clover with dainty stems and rims of the leaves at \$2.00 yard.

35c for the least expensive. Fashion is depending largely on spangles for unusual effects. Yes, and spangled netting are a newness.

Braids are everywhere involved in effects for smartness or tailored suits. Throws are seen on all fashionable gowns, even to the ornamentation of waists, 10c to 65c. It all a show that will tell volumes of the trend of styles.

The F. B. & N. Special, Women's Shoes at \$3.50

One of the largest specialty shoe houses in the United States, who manufacture only \$4.00 specialties, whose entire thought and energy is put in, to the perfection of this footwear, make in large quantities our F. B. and N. special at \$3.50. They're made in all the new leathers, and the rainy day foot looks just as well when sold in these shoes as those of the 2-1-2 size.

Patent Colt seems the thing for this season, and they wear well. Heavy black kid is popular for every day wear, while the finer quality, with close trimmed edges, are more suitable for dress. The heels are very pretty, in long and slender effects, while the Cuban and leather opera heels are perfectly built for service.
